¹When using an in-network provider. Out-of-pocket costs may apply if you visit an out-of-network provider.

²"Milliman Research Report: 2022 Dental Actuarial Analytics PPO Network Study," June 2023. Our Copayment and Choice PPO networks are ranked No. 1 and No. 2 in Florida for effective discounts. This reflects the actual savings that customers realize as the discounted rates that we negotiate with our network providers combine with high in-network utilization.

³Certain dentists have voluntarily agreed to offer a 20% discount off their usual charge for non-covered cosmetic or orthodontic services. These dentists are identified by an affiliation to either the Cosmetic Dental Discount Program or Orthodontic Discount Program. Because these dentists are neither contractually nor legally bound to offer these discounts, we recommend that you contact the provider to inquire about the continued availability of any discount prior to scheduling an appointment.

⁴These conditions include diabetes, coronary artery disease, stroke, oral cancer, head and neck cancers, Sjögren's syndrome, COPD, end-stage renal disease, metabolic syndrome, and pregnancy. Learn more about the program at floridabluedental.com/members.

⁵Rollover applies to members age 19 years old or older and active on the last day of the calendar year. To learn more about the program and how to qualify, visit floridabluedental.com/rollover.
