2026 Dental Provider Quick Reference Guide

To maintain accurate and prompt claims processing and up-to-date information in our online directory, we conduct provider audits quarterly. You will receive an email containing instructions to review and confirm your practice details on our website. Should any updates be necessary, please send them via email to [Dental Provider Relations](mailto:DentalProviderRelations@FCLife.com).

Credentialing and Re-credentialing Standards: FCL follows NCQA Credentialing Standards. Initial credentialing for new FCL applicants requires 60 to 90 business days for processing. Re-credentialing is mandatory every 12 to 36 months and is administered by Valenz. Please allow 30 to 45 business days for completion.

Notice: BlueDental Medicare Advantage member ID cards show only the medical plan type.
Dental benefits are PPO and use the BlueDental Medicare Advantage fee schedule.
